

Farm Science Review

Herrick Archives Building S 107

This report supplements six earlier reports: S 21/25, S 38, S 69/75, S 85/90, S 93/98 and S 103/6.

One additional "permanent" building was erected for the 1981 Farm Science Review. This is a prefabricated metal building erected by Harris, Joliff & Michel, Inc. on Lot E shown at the bottom of the map in report S 85/90 (Lot SW 5 on the 1981 Farm Science Review map).

This building is shown in Photographs X 13250 and X 13256.

See reports S 21/25, S 85/90, and S 93/98 for discussion of ownership and permanence of the Farm Science Review exhibitors' buildings.
